

pet formulated

laundry detergent

For pet owners and animal care professionals

FOUL ODORS:

Removes foul odors from fabrics, including urine and feces

PET HAIR:

EXFOLIATES PET HAIR from towels, blankets, beds and fabrics

STAINS:

Specifically designed to **LIFT & REMOVE** difficult stains such as: grass, clay, mud and blood

100% NON-TOXIC - 100% BIODEGRADABLE - RESIDUE FREE - SAFE FOR ALL FABRICS

There are thousands, if not millions of pet towels, blankets and bedding that are thrown away each year due to hard to remove stains, odors and embedded pet hair.

ProVetLogic Pet Formulated Laundry Detergent is a specially formulated high-performance detergent that is designed to **remove the toughest stains, odors and embedded pet hair** from pet towels, blankets, beds and other fabrics.

Pet Formulated Laundry Detergent is formulated with a **nano** sized molecule that is **100% nontoxic, 100% biodegradable** and has **no dermal impact on pets**. Unlike traditional laundry detergents, our **nano technology** uses a mechanical process to lift and remove virtually anything trapped in the fibers.

Our nano sized hyperactive molecules exfoliate **STAINS, ODOR, and PET HAIR** from towels, blankets, bedding and other fabrics.

V30-64: 64-Ounce Bottle / V30-05MN: 5-Gallon Pail
